Important for all those who suffer after eating.

If you suffer from indigestion after eating and find that instead of the one little pepsi or soda pill you used to take, it now needs two or three to stop it, it's time you called a halt and did some hard thinking.

The plain truth is that there are thousands of men and women in this country whose stomachs are dead or dying from lack of exercise while they themselves still live.

Years ago a famous physician wrote the prescription for Mi-o-na Stomach Tablets and thousands owe their very life to them today. Most stomach remedies work on the food and digest it. Mi-o-na Tablets strengthen the stomach walls, stimulate the stomach muscles and vitalize the stomach machinery into instant and normal action. C. G. Rhodes and many other leading druggists hereabouts, sell Mi-o-na Tablets, agreeing to refund money in any case where it does not druggist thinks this well of Mi-o-na you surely ought to try it. adv
